**Subject:** Upcoming EPA Region 8 Tribal Consultation meeting related to the proposed Dewey-Burdock uranium recovery site in the southern Black Hills, Sept 10 in Bismarck, ND & agenda conference call

Hello Mr. Eagle Bear,

To follow up on the voicemail message I left yesterday, I was calling to see if you were going to attend the ND DOT Tribal Consultation meeting in Bismarck September 8 through 10. Our EPA Tribal Consultation meeting for the proposed Dewey-Burdock uranium recovery site that will follow the ND DOT meeting on Thursday afternoon, September 10. Both meetings will be held at the Kelly Inn located at 1800 N 12th Street in Bismarck. The EPA meeting will begin after lunch on Thursday, September 10.

During the meeting we will discuss the EPA permitting action for injection wells and the EPA consultation policy for the first hour or so, then discuss Tribal concerns for the rest of the meeting. This meeting will not be formal consultation, but will be an information exchange meeting leading up to formal consultation.

Would you be interested in participating in a conference call to discuss the agenda? I am going to try to schedule that call either Friday this week or Monday through Friday next week, depending on everyone's schedule. Please send me your free time slots for Friday this week and Monday through Friday next week if you would like to participate in the agenda planning call. I would appreciate your input so we can be sure to cover topics of interest during our Sept 10 meeting.

The permit application for this action is found on our EPA Underground Injection Control Program website at: <http://www2.epa.gov/region8/underground-injection-control> (scroll about halfway down to see the link to the permit application).

After the September 10 meeting, we will be sending out invitations to Tribal leaders inviting them to join in formal consultation with the EPA. I will copy you on the letter.

I hope you are considering attending the ND NOT and the EPA Tribal Consultation meetings in Bismarck. I look forward to seeing you there!

Thanks!

*Valois*
